Homestay tips:

- *Many Canadian families have small pets and it is quite likely your homestay family may have a cat or dog.*
- *Most homestay students ask to be placed close to the University or the College. Our first concern for you is a good family. Location is not the first consideration.*
- *The #1 reason damage deposit issues arise are failure to give 30 days notice. Please give both your family and Lethbridge Homestay Services 30 days notice **BEFORE** you leave. If you think you want to leave your homestay, or move to another homestay, please contact Lethbridge Homestay Services.*
